JULY HEALTH EDUCATION & WELLNESS PROGRAM—POISONS AND TOXIC SUBSTANCES: We come in contact with poisons or potential poisons everyday in our homes, at work and at play. Infants and children are most at risk for poisonings, but anyone is vulnerable. Most poisonings are preventable. Find out about the most common poisons, prevention, symptoms and first aid for poisonings and detailed information on contacting the Poison Control Information Centers in case of an emergency. Packets will be available at all medical facilities and upon request to Carol Roth, 867-3414, email **Roth-1, Carol** and on the Occupational Medicine web-site: **<http://sgs/sgs/sites/other/chs/occmcd/index1.htm>**. (TA-C2)

NUTRITION TIP OF THE WEEK FROM THE KSC FITNESS CENTERS: Recognizing Hunger - we often eat when we aren't hungry. One reason may be that many of us can't recognize when our bodies really need food. The sensation of hunger is instinctual. But many times we ignore or suppress this instinct because we are eating for other reasons: boredom, depression, anxiety, stress, or simply because food is in front of us. This can lead to overeating. If you struggle with this, ask yourself these questions before your next meal or snack:

- Am I hungry? (if you're not sure, wait 20 minutes and ask again).
- When was the last time I ate? (If it's less than 3 hours, it might not be hunger).

JUNE HEALTH EDUCATION & WELLNESS PROGRAM—BIOLOGICAL & CHEMICAL WARFARE AGENTS & INFECTIOUS DISEASE: The threat of terrorism still exists and the next attack may well come in the form of biological or chemical weapons. It is prudent to learn as much as possible about terrorism, in any form, and be prepared. June's topic will discuss the types of infectious disease and chemical agents that could be used as weapons of mass destruction; ways to develop a disaster plan to protect yourself and your family; and national web-site addresses to obtain more information. Packets will be available at all medical facilities and upon request to Carol Roth, 867-3414, email **Roth-1, Carol** and on the Occupational Medicine website: **<http://sgs/sgs/sites/other/chs/occmcd/index1.htm>**. (TA-C2)

WHAT'S NEW AT THE FITNESS CENTER: The new group exercise schedule is out, with a few changes and additions. **Beginner aerobics** has been added on Thursday evenings at 5 p.m. **Beginner Yoga** is scheduled on Wednesday evenings at 5 p.m. Now is the time to try something new, so come check out these classes! (TA-C2)

COLORECTAL CANCER SCREENING: Small amounts of blood in your stool, which can be detected with hemoccult slides, can be an indication of colorectal cancer. Hemoccult slides and instructions are available at all medical facilities during hours of operation. (TA-C2)

SCREENING MAMMOGRAMS for breast cancer are available at KSC, southwest corner of the parking lot behind the Headquarters Building. Call 1-800-367-1870 for an appointment. (TA-C2)

WORK-SITE LECTURES on any health subject, requests for health information or counseling are available upon request to Carol Roth, 867-3414, email **Roth-1, Carol**. (TA-C2)

CANCER SUPPORT GROUP: SGS/CHS offers a Cancer Support Group for KSC/CCAFS personnel who wish to participate. The group convenes every Thursday at 11 a.m. for approximately 45 minutes in the Occupational Health Facility, Building M6-495 Library. The group is intended for those undergoing treatment, those in remission, survivors and caregivers. Bring your lunch and join in for this informative support group. Please email Nancy Zuhlke at nancy.zuhlke-1@kmail.ksc.nasa.gov or call her at 867-2025 for more information. (TA-C2)

KSC FITNESS CENTER INTRODUCES MASSAGE THERAPY! Do you need to relieve some stress, but don't feel like working out? Are your muscles sore? Do you need to relax and feel a sense of well-being? If you answered yes to one or more of these questions then you could benefit from **Massage Therapy**. The KSC Fitness Centers are providing licensed massage therapists here at KSC!

STARTS: Monday, March 4
COST: \$1/minute
WHEN: Mondays, Wednesdays, and Fridays from 12:30 a.m. - 3:00 p.m.
WHERE: O&C Fitness Center Group Exercise Room

To schedule an appointment for:

(TA-C2)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Force Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (TA-C2)

PHOTOGRAPHIC AND VIDEOGRAPHIC SUPPORT: Request for photographic and/or videographic support may be obtained by calling the Aerospace Imaging customer service desk at 867-4308 located in KSC Headquarters Building, Room 2340. Support is also available at the Cape, in Building 1605, at the pickup/drop-off service desk and can be obtained by calling 853-5765. For more information on the wide range of services available visit website: www.Aerospaceimaging.com. (PZ-J-C)

CONFERENCE ROOM UPGRADE: Conference Room 2429, in the KSC Headquarters building is being upgraded. For this to be done, the conference room will not be available for approximately 5 weeks. The upgrade will begin on June 3, 2002, and be completed on or about July 7, 2002. During this upgrade period, please go to <http://www.ksc.nasa.gov/admin/ssc/conference/kscconf.htm> for a listing of available KSC conference rooms. The listing will show the seating capacity, the location, the point of contact with a phone number, and a list of what automation/communication equipment is available. **If you are currently scheduled to use the conference room during the scheduled closure time, please make sure you find an alternate location for your meeting.** (TA-B3)

TURTLE NESTING SEASON IS HERE! The months of May thru October are the prime months for sea turtles to nest along our beaches. KSC and CCAFS have some of the only remaining pristine beaches along the East Coast of Florida. Sea turtles use these beaches in high numbers for nesting. All exterior lighting at KSC and CCAFS, not just that which directly hits the beaches, can be a distraction to these turtles causing disorientation and nest abandonment. Please, take extra measures to ensure all non-essential exterior lighting is turned off. The KSC Exterior Lighting Guidelines can be reviewed on the Environmental Program Branch website at <http://environmental.ksc.nasa.gov/natural/lighting.htm>. If you see any lights that you feel need to be turned off or have any questions, please contact John Shaffer, NASA EPB, at 867-8448. (TA-C3)

KSC-DE-512-SM CHANGE ON INTERNET: "Facility, System, and Equipment General Design Requirements", KSC-DE-512-SM, Revision H including Change 1 dated 5/30/2002, is available electronically. The KSC Library's home page <http://www-lib.ksc.nasa.gov/lib/ksc-only/library.html> has a link to a PDF file of the document, under the heading Electronic Publications. Paper copies of Change 1 are available from the KSC Library Documents Department. For questions or to request a paper copy call 867-3613 or <mailto:KSCLibrary@jbosc.ksc.nasa.gov> (TA-E1)

KSC LOCATOR: Personnel at KSC are reminded, when submitting KSC Form 13-58 (Employee Locator Information) to KSC-Locator, to verify all information including the telephone directory information block. Monthly updates to the Locator printouts should be complete. This includes the "Telephone Directory" column. The letter "T" in this column indicates that the name appears in the telephone directory. Home phone numbers will not be printed in the telephone directory unless a signed Form 13-58 is submitted. (TA-E1)

NPG 7120.5A PR CERTIFICATION: Effective March 26, 1999, NASA policy requires all Procurement Requests (PR's) to be accompanied by a certification stating either that the purchase request action "is" or "is not" in support of the programs and projects subject to the requirements of NASA Procedures and Guidelines (NPG) 7120.5A, NASA Program and Project Management Processes and Requirement. If the action is in support of a program or project that is subject to the NPG, the certification must then indicate whether: a) all NPG 7120.5A documentation is current and approved, or b) authority to release the solicitation without the required documentation has been granted. An acceptable certification format is located immediately under the internal KSC OP Procurement Home Page header at: <http://www-op.ksc.nasa.gov/procurement/op.htm>. PR's not accompanied by the required certification will not be processed in the Procurement Office until such certification is received. (OP-AM)

VOLUNTARY LEAVE TRANSFER PROGRAM: The leave transfer program is one of the most popular benefits. To qualify for this program, an employee must establish the existence of a medical emergency (for self or family members) which is expected to result in a requirement for at least 3 days of leave without pay, after the use of existing annual and/or sick leave (earned, not advanced). Leave transfer requests must include documentation from a physician on the medical condition and an estimate of the employee's projected length of absence. If an employee wishes his/her participation in the program announced in the KSC Bulletin, or within his/her organization, he/she may include such a statement in the letter of request. Affected employees would normally initiate requests for a declaration of a medical emergency through supervisory channels; however, if they are unable to do so, their supervisor, family members, or co-workers may initiate the request. Employees wishing to donate leave may do so, subject to certain restrictions. Only earned annual (or restored) leave may be donated, and total donations of leave may not exceed one half of that which would be earned in the remainder of the current leave year. Employees wishing to donate leave are strongly encouraged to donate at least 8 hours at a time, since the effort involved in processing leave transfers is significant. Leave donor forms are available in the BA-B Office and in most Administrative Offices. Donations of leave should be sent directly to BA-B, Room 2507, Headquarters Building. Requests for leave transfer are treated as confidential, unless the employee states otherwise. The names of donors are anonymous and will not be released except as needed to process the donation. If you have questions about the program, you may call 867-3620 or stop by the Personnel Office Operations Branch, HQ, Room 2507. (BA-B)

RETIREMENT: Individuals contemplating retirement should contact Sharon Lowry, Retirement Counselor, Personnel Office Benefits Team, 867-9178, for an appointment at least 30 days prior to their projected retirement date. (BA-B)

BANK OF AMERICA GOVERNMENT TRAVEL CARD USERS: All NASA employees at Kennedy Space Center who have been issued a Bank of America Government Travel Card are reminded that the card and the account are to be used for official travel and travel related expenses while on TDY. Employees are expected to pay the balance in full each month. Delinquent charges or personal use of the card are cause for cancellation. If you have any questions, please call the KSC Bank of America Agency Program Coordinator at 867-2860. (TA-E1)

KSC 2002 COMBINED FEDERAL CAMPAIGN SLOGAN CONTEST: All NASA employees are invited to submit a slogan for the KSC 2002 Combined Federal Campaign, which will be conducted during October 2002. During the period July 8-12, 2002, you can enter your slogan at the CFC website: <http://cfc.ksc.nasa.gov> Individual entries will be compiled by the CFC Cabinet and sent out to all NASA employees for a Centerwide vote. Responses will be reviewed and a winner selected. The employee who submits the winning entry will receive four Maximum Access Passes to the KSC Visitor Complex. Mark your calendar for July 8th, and submit that winning entry! [Mailto:edward.markowski-1@ksc.nasa.gov](mailto:edward.markowski-1@ksc.nasa.gov) (PH-E)

CONTINUING PERIODIC KSC BULLETIN NOTICES: Organizations and/or individuals submitting KSC Bulletin notices to be run on a continuing periodic basis are reminded it is their responsibility to delete obsolete notices and/or update notices for changes to names, organizations, dates, regulation references, etc. (TA-E1)

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Roberta Gross, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at www.hq.nasa.gov/office/oig/hq. (OIG)

ENERGY 101 BRIEFING – JULY 18TH: Energy efficiency is everyone's responsibility. All KSC organizations shall comply with Federal requirements and perform day-to-day activities as energy efficient as possible. For example, designing efficient equipment and activities, buying efficient products, operating/maintaining equipment and facilities at peak efficiency and turning off systems when not in use. Come learn about **KSC's Energy Management Program** and find out the answers to some of the questions below: Where does our energy come from? Who is my energy point-of-contact? Why should we save energy at KSC and how much are we suppose to save? What are some tips to applying and saving energy at work and at home? How does energy relate to my job description and how can I apply these principles daily? The SGS Energy Management Office is sponsoring the course. Kevin Riley will be the instructor and is a graduate from UCF in Orlando with a degree in Mechanical Engineering. He is a licensed Professional Engineer in the State of Florida. Kevin will also explain how you can win an Energy Award at KSC. The course will be held on **July 18**, from 10:00 a.m. - 10:45 a.m., in the O&C Building, Room 2138. If you have any questions, please call the SGS Energy Management Office at 867-8193.

BARRY UNIVERSITY: Barry University is currently registering for Summer 2002 term which runs from July 8 through September 14. Classes being offered lead to bachelors degrees in Information Technology, Administration, Professional Studies (concentration in Human Resources), Liberal Studies (concentrations in Behavioral Sciences, Psychology, Humanities) and Public Administration. Barry offers an accelerated program with four, ten week terms per year with classes scheduled in the evenings and weekends to accommodate the working adult. Students may also be eligible to earn credit from work experience through our portfolio program. Four convenient locations in Brevard and Orlando. For more information on programs in Brevard call 453-6253 or email lgrant@mail.barry.edu or in Orlando call (407) 673-8400 or email jkreps@mail.barry.edu in Orlando.

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY: The Space Coast Center is taking names of those interested in a new Master of Science in Safety Science (MSSS) degree, offered in a cluster format scheduled to begin in January 2003. The degree is designed to explore theoretical and pragmatic issues in the complex business environment dealing with EPA, OSHA, DOD, FAA, DOE and State health, hygiene, and workplace standards. Please contact the Space Coast Office at (321) 783-5020 or mailto:space_coast_center@cts.db.erau.edu.

HERZING COLLEGE: Offering MCSE Windows 2000 Courses both "Fast Track" Accelerated (Diploma in Network Management-MCSE) courses and academically. The Associate of Science Degree in Network Technology includes courses in Microsoft (MCSE) Windows 2000, Cisco, Novell, A+ Computer Hardware, and Networks +. Herzing College also offers a Diploma Program in Web-site Design which includes Program Logic, JavaScript, Dreamweaver, HTML, Photoshop, Flash, and Fireworks; and an Associate of Science Degree in Computer Information Systems which includes Visual Basic, C++, Database Design and SQL, e-Commerce, and web class electives. Contact information: 255-9232, team@mel.herzing.edu or www.herzing.edu.

FLORIDA INSTITUTE OF TECHNOLOGY: Florida Tech's School of Management is now offering the MBA, the MBA with a concentration in Acquisition and Contract Management, and the MS in Engineering Management. Registration is ongoing through August 30. Contact Sharon Stites at ssstites@fit.edu. FL Tech's School of Extended Graduate Studies offer MS degrees in: Space Systems, Space Systems Management, Software Engineering, Computer Science, and Computer Information Systems. Registration begins July 29. Contact Carolyn Henninger at chenning@fit.edu. The school is located in the KSC Industrial area, at "B" Avenue and 2nd Street, Building TRM-032. Evening classes are held at Kennedy Space Center and Patrick Air Force Base. Applications are now being accepted for the fall semester. Classes begin the week of August 26. For information on all degrees call 453-2030.

GRADUATE MATH REVIEW: The University of Central Florida and Brevard Community College are jointly offering a Mathematics Refresher course for students interested in pursuing the GRE. The course takes students from Algebra through to Differential Equations. The course will be available on Tuesday nights from 4 p.m. to 7 p.m. at KSC. For more information please contact Bob Petty or Carol Cox at 452-9834.

UNIVERSITY OF CENTRAL FLORIDA: The University of Central Florida FEEDS (Florida Engineering Educational Delivery System) program is located at the Kennedy Space Center Visitor's complex at the Center for Space Education. FEEDS offers engineering undergraduate and graduate courses via tapes for those who cannot make regular on campus classes but would like to get their degree. We are open 24 hours a day for the convenience of the students. For more information about the FEEDS program please contact Carol Cox, UCF/FSI Assistant 452-9904; ccox@mail.ucf.edu.

UNIVERSITY OF CENTRAL FLORIDA: The UCF Engineering Management program is offering Engineers an opportunity to pursue technology commercialization through entrepreneurship. This has been a very resourceful program for engineers and managers around the country. It features practical insights, tools, success strategies, business plans and actions that can be applied to any stage of an entrepreneurial or intrapreneurial venture from initial idea to funding, growth and profitability. For more information on how to succeed please contact Carmo D'Cruz or Carol Cox, University of Central Florida at KSC, 452-9904.

UNIVERSITY OF FLORIDA: The University of Florida is accepting applications for the next offering of the Outreach Engineering Management (OEM) master's degree program, which begins in August 2002. The OEM program awards an engineering master's degree following 20 months of live instruction, and is a collaboration between UF's Colleges of Engineering and Business. Classes feature live instruction and meet only one weekend per month. For more information or to request an application packet, visit the OEM website (<http://www.ise.ufl.edu/oemp>) or contact the OEM program office (1-800-321-0199; engrman@ise.ufl.edu).

UNIVERSITY OF MIAMI: Change the course of your life. Wake up on December 19, 2003, with an MS Degree from the University of Miami. Earn a prestigious Master's Degree in Management of Technology (MSMOT). Applications are currently being accepted for our next program beginning summer 2002. Courses are held Friday evenings and Saturdays to accommodate working professionals. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to augusto@miami.edu.

WEBSTER UNIVERSITY: Webster University will be holding graduate programs on site at KSC starting the week of August 12, 2002. Master of Art in Telecommunications Management and Master of Science in Computer Science are being offered at this location. Webster University also holds classes at Merritt Island, Palm Bay, and Patrick AFB. For more information, call 449-4500 or visit www.webster.edu/spacecoast. Webster University: real world knowledge for real world success.
